Welcome to the premier issue of *Lovebug Letters*!
I'm so glad you're here!

It's always hard to say goodbye to the characters after I finish writing their story, so I thought this magazine would be a fun way to get a peek into their lives after giving them their "happily ever after".

This issue features Devin and Scarlett Kendall from *Saving the CEO*. I love how they bring out the best in each other, even though they had a bit of a rough start. Let's take a look at the lessons they've learned and find out what they're up to now.

ABOUT

This matchmaker has finally met her match ...

To inherit his family business and prevent it from falling into the wrong hands, Devin Kendall must find a wife. The only problem? He's a workaholic CEO who can't remember the last time he went on a date. The best solution? Hire his sister's matchmaker friend to do the job for him. If only they didn't get along like two dogs after the same bone.

If Scarlett Hayes didn't have a bet to win, she would never have agreed to take on her handsome but incorrigible new client. Devin might seem like the perfect match on paper, but he needs plenty of help in the one area he lacks—romance. She's determined to pull out all the stops to coach him, including taking him out on a practice date. If only the emotions he stirs up inside of her didn't feel so real.

The more time Devin and Scarlett spend with each other, the more they realize they're not so different after all. When they finally agree to work together toward a common goal, how will they handle the chemistry growing between them?

DEVIN

Scarlett says:

My amazing hubby is still serving as Mr. CEO at Kendall & Sons and learning to get along well with the board members. He's also rediscovered his love of songwriting (I take full credit for being his muse!) and will be playing guitar and singing background vocals on his brother's next album. I love seeing him enjoy the talents that God has given him.

"You need someone to pull you away from work, not toward it."

SCARLETT

Devin says:

I fall more and more in love with Scarlett each and every day. She continues to amaze me with her beauty, both inside and out, and makes me want to be a better husband. I'm so proud of her for following her dreams. In addition to doing narration, she's also tried out her hand at acting in a couple of local productions. I treasure being able to watch her grow and supporting her along the way.

“I want to know what you want.”
